Montréal, QC H2V 4G9

Supporting individuals with autism spectrum disorder and intellectual disabilities, at all stages of life.

About Us

Boasting over 50 years of experience, the Miriam Foundation is the largest organization in Quebec dedicated to funding comprehensive, personalized services that support individuals with autism and intellectual disabilities, at all stages of life.

Our fundraising is largely dedicated to offering affordable therapeutic and recreational services for all ages, giving everyone the opportunity to thrive.

Whether it is helping parents navigate a new diagnosis for a young child, teaching concrete skills to clients and parents alike, helping a child or teen manage school-related challenges, empowering educators and employers to create more inclusive spaces, giving a young adult the tools and confidence to be autonomous, or creating spaces for creative expression and community building, the Miriam Foundation is there to support each client as needed and ensure access to our comprehensive services.

Since 1973,
the Foundation has
invested nearly 75 million.

Over the past 50-plus years,
the Miriam Foundation has
provided intervention services
and tailored programs to 8,000
families and their loved ones.

Your sponsorship will support

Therapeutic & recreational services - at all stages of life
