# Our Mission

Boasting over 50 years of experience, the Miriam Foundation is the largest organization in Quebec dedicated to funding comprehensive, personalized services that support individuals with autism and intellectual disabilities, at all stages of life.

Our fundraising is largely dedicated to offering affordable therapeutic and recreational services for all ages, giving everyone the opportunity to thrive.

Whether it is helping parents navigate a new diagnosis for a young child, teaching concrete skills to clients and parents alike, helping a child or teen manage school-related challenges, empowering educators and employers to create more inclusive spaces, giving a young adult the tools and confidence to be autonomous, or creating spaces for creative expression and community building, the Miriam Foundation is there to support each client as needed and ensure access to our comprehensive services.

**Since 1973,**  
the Foundation has  
invested nearly 75  
millions.

**Over the past 50 years,**  
the Miriam Foundation  
has provided  
intervention services  
and tailored programs to  
up to 8,000 families and  
their loved ones.
